Recommended safe area: 1.50 × 2.00 in (38.10 × 50.80 mm).

PREPARE YOUR ARTWORK

Prefer vector AI, EPS, SVG or PDF. Outline fonts and embed images. Raster artwork: at least 300 ppi at final size; 525 × 675 pixels for the full imprint area.

Keep essential artwork inside the safe area. Remove product imagery, dimension labels and guide lines from production artwork. UV transfer or direct printing; approve the final proof in writing before production.
